

Farmers

**You've been chosen as our representative
on the Local Citizens Board.
Your main task is to protect our interest.**

1

You should lobby for the **Local farmers support 1** which will raise the wellbeing level of our families.

2

We would be happy, if the Local Citizens Board decides to invest in the **Reforestation 2**. Biodiversity is important to us!

3

We have strong feelings against **Relocation support 3**.
We don't want to leave our fields and farms behind!

Don't disappoint us!

You can find more details about the actions on your action cards.
