

Refugees

**You've been chosen as our representative
on the Local Citizens Board.
Your main task is to protect our interest.**

We all have, on some level, problems with communication in the language used in the valley. Because of that, we won't be able to benefit from this solution unless the Local Citizens Board takes a step to include all groups by funding the **Accessibility programme ①**.

Our legal status is yet to be regulated by the public administration, so we won't be able to benefit from the **Insurance support ②**. We could have insurance if we had **Temporary residence registration ③**.

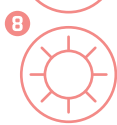

We are a part of this community. We want to be included in plans implemented by the Local Citizens Board.

The wellbeing of our families will improve if the Local Citizens Board decides to fund the **Hospital redevelopment ④**.

We believe that the **Reforestation ⑤** and **Retention polder ⑥** are great solutions to our problem with flood. They will raise **safety ⑦** and **wellbeing ⑧** of all families.

One of the most important elements of our culture is to co-operate with each other and let others present their point of view.

Don't disappoint us!
